Notice

PhD Fellowship Opportunity at HSTU

The University of Hajee Mohammad Danesh Science and Technology University (HSTU), located in Dinajpur, Bangladesh, is pleased to announce the availability of prestigious PhD Fellowships for qualified candidates. These fellowships are designed to foster academic excellence and support groundbreaking research across a variety of disciplines. The fellowship provides a unique opportunity for global scholars to contribute for innovative research and development while pursuing their doctoral studies at HSTU.

Interested applicants are required to submit their applications via the prescribed form available on the HSTU website. All completed applications, along with necessary documents (such as academic certificates, transcripts, and a research proposal), must be submitted to the Dean's Office at the Faculty of Postgraduate Studies. A soft copy of admission application with necessary documents also has sent to Dean office email (pgshstu@gmail.com). Candidates are encouraged to carefully review the university's guidelines to ensure full compliance with all requirements. The PhD Fellowship offers a monthly allowance of Tk. 40,000, for a maximum period of 36 months, depending on the discipline and quality of research. Successful scholars will also receive a completion bonus of Tk. 30,000 upon the successful defense of their PhD. In addition, those who publish in Scopus Indexed (SCI) journals will be eligible for an extra incentive of Tk. 20,000.

To be eligible for the fellowship, applicants must have achieved a CGPA of 3.5 or higher on a 4.0 scale in both their Bachelor's and Master's degrees. Applicants must also submit a comprehensive research proposal in the prescribed format. The fellowship is subject to specific terms and conditions: scholars who discontinue their research prematurely or fail to join the PhD program within five years must repay the fellowship amount in full. The application deadline is April 20, 2025. After deadline, incomplete and faulty application will be automatically cancelled. For further information or inquiries, please contact the PhD Fellowship Program Office at the Faculty of Postgraduate Studies and the Institute of Research and Training at HSTU.

According to order of honourable Vice-Chancellor
